RE: Request for Permit Extension, Hallowell Boat Launch

Dear Doug,

I am writing to request a six-month extension to our permit for renovations to the Hallowell Boat Launch. Our current permit expires on June 19, 2020. As you may know, we put the project out to bid last summer and received bids that were above the allotted sum for this work. We decided it would be best to rebid the project this Spring for construction in the Fall of 2020.

Please let me know if you need additional information to process this request.

Thank you!

Sincerely,

Heather A. Seiders
