SECOND READING – AMENDMENT TO HALLOWELL CODE OF ORDINANCE SECTION 6-263, RELATING TO FEES FOR OPENING STREETS:

City Manager Huston told the Council that it made more sense to have the Water District exempt from these fees when they were taking care of the storm water system, but he took that exemption out from this new proposed ordinance because the City is now responsible. Barry Timson was present and told the Council that the Water District Trustees felt that the Water District should not have to pay these fees because he felt that it would double the cost to the Water District Tax Payers. He did say that he had no problem with an inspection fee.

The Mayor asked that the City Manager to get together with the Water District and make any changes to this proposed ordinance for the 3rd reading.

Harvey – Masciadri – Motion to approve the 2nd reading. Unanimously approved
