

Possible Sequence of Implementation Tasks for Parking Committee Recommendations
January 9, 2017

Issue	Body	#	Recommendation	Timing
Maintain current policies	City Council	D1	Maintain part-time staff to enforce parking rules.	Ongoing
		D3	Maintain 15 minute parking at existing locations.	Ongoing
Work on Central Street, bikes	Downtown Development Committee	E1	Purchase land for new lot at Central Street and work on design.	Spring of 2017
		F3	Install bicycle racks.	Summer of 2017
Provide parking areas for residents, workers	City Manager, Council	B3	Make an arrangement with the owner of the upper PUC parking to make long-term parking available to residents.	Spring and summer of 2017
		B4	Sign simple leases, on a voluntary basis, with private landowners who allow public parking on their property.	
		C1	Make an arrangement with the Antique Mall to provide employee parking at their back lot along Temple Street.	
		E2	Request approval from MDOT To add 11 spaces on Water Street, across from Temple Street, next to the state boat landing.	
Create new permit and notification system for apt residents	Protection Committee	B1	Residents in Hallowell who lack private parking spaces, and rely upon streets and public lots for their regular parking, should register and receive a permit from the City.	Spring and summer of 2017
		B2	The City should provide a text notification for residents with parking permits during winter storms.	
New rules after new lots, permit system are added	City Council	D2	No parking in lots downtown over 24 hours, once long-term parking is established.	By January 1, 2018
During reconstruction	Highway Committee	F1	Use ROW on railway tracks for temporary parking during road construction.	During 2018
Parking rules and signs after reconstruction	Highway Committee and City Council	A1	Parking stall sizes should remain 18 feet, the present size.	After 2018 reconstruction
		A2	MDOT's new proposed safety setbacks from the crosswalks should be maintained, but motorcycles should be allowed to park in these spaces.	
		A3	Handicapped parking spaces should be spread on Water Street.	
		A4	New signs should be installed that more clearly direct visitors and customers looking for parking spaces.	
		F3	Require diagonal parking for motorcycles.
